MASTECH DIGITAL

Local Expertise with Global Reach

Why Mastech Digital?

As we've witnessed the convergence of the gaming and simulation technologies, we have built a team of specialists ready to step into your environment and support your project where you need it most.

Gaming & Simulation Specializations

Our team has years of experience in the gaming, simulation, and training industries and we continue to stay on top of new developments to remain ready for our clients. We work alongside our clients to support both commercial and Department of Defense (DOD) initiatives, including the following:

- Project Management
- Project Consulting
- Project Staff Augmentation
- Post-Production Support
- Training

Mastech Digital assembles experienced project teams to help clients meet their critical deadlines and performance goals.

Gaming & Simulation Skill Sets

Whether you need to augment your staff or outsource an entire project, we're ready to assist with a highly-qualified consulting team that includes the following functional skill sets:

- Software Engineers
- Lead Programmers
- System Embedded Engineers
- Visual Engineers
- Console Developers
- Instructional Designers (ISD)
- Graphic Artists
- 3D Modelers
